## EASI-FIT CLAW LOCKING SECURITY

C4 0909

Product by KENRICK

GROUPCO - C4 0909

The Easi-Fit espagnolette offers the benefits of a BS7950 level of security without the need to fit a shootbolt espagnolette. Using die cast bi-directional claws in the centre for strength and security and mushroom cams at the extremities for gasket compression makes Easi-Fit a very rapid fit.

16mm steel faceplate. Silver trivalent finish with die cast lockcase.  
43mm handle centres and 7mm steel follower.

Mushroom cams adjustable by 1mm.

BBA approved product - Assessment Report No. 2371

Lockcase depth - 27.5mm (20mm backset)

- 29.5mm (22mm backset)

Mushroom cam travel 20mm.

Lengths 200mm to 1200mm.

Faceplate has rounded ends for safety and reduced profile damage.

Standard 8mm cam height.

Unique robust centre claw keep designs with night ventilation facility.

Profile related striker plates with night ventilation facility.

All products have a silver trivalent finish which has been successfully tested to 500 hours salt spray.
