MACH 3 RAPID-FIT SHOOTBOLT ESPAGNOLETTE SYSTEM

C10 0509 Product by MACO

MACH 3 RAPID-FIT SHOOTBOLT ESPAGNOLETTE SYSTEM

The Mach 3 Shootbolt espagnolette system features a single piece telescopic design and uses the same lockcase as the RAIL espagnolette.

Suitable for all Eurogroove applications this unique product has all screw fixings in one face allowing the sash and frame to be glazed separately. This allows quicker fixing and improves factory efficiency.

16mm faceplate, silver passivated finish, 43mm handle centres and 7mm follower.

Maco applies a triple stage environmentally friendly surface protection coating which will meet Class 4 when assessed against BSEN1670:1998 and is approved to 360 hours corrosion resistance when tested in accordance with ISO9227:1990.

- Reduced screw fixings
- Central mushroom cams
- Adjustable throw shootbolts
- Compression adjustable cams
- Uses standard Maco striker plates
- Size range 525mm - 1425mm sash rebate
- Available in 20 and 22mm backset, 7.7 and 9.0mm mushroom height
- Croppable versions available for low handle height options
