- Multipoint function provides enhanced noise reduction and heat insulation
- Profile related plates

### Operation

- |                          |   |
|--------------------------|---|
| Locking inside/outside   | Lift lever engages roller cams into plates, single turn of key throws deadbolt and locks the mechanism, lever returns to horizontal position. |
| Unlocking inside/outside | Single turn of key retracts deadbolt, depress lever disengages roller cams and retracts latch, lever returns to horizontal position           |

To suit door rebate 1706mm – 2156mm

Complies with minimum security requirements for domestic properties.
